- * **B.Tech** in ECE for Working Professionals
- * **M.Tech** in VLSI System Design

BROCHURE 2026-27

About the University

A Legacy of Excellence

Founded by Prof. (Dr.) Kamal Ghanshala with a vision to transform youth through quality education, Graphic Era began its journey in 1993 and evolved into Graphic Era Institute of Technology (GEIT) in 1997. In 2008, it was granted Deemed to be University status by the Government of India.

Today, Graphic Era stands as a NAAC 'A+' accredited university, ranked 52nd in Engineering, 52nd in Management, and 48th in the University Category by NIRF, Ministry of Education. With 6 NBA-accredited programs, the university fosters an industry-academia partnership through collaborations with Tata Technologies and IBM and hosts a DST-sponsored Technology Business Incubator for startups.

With global academic partnerships and student exchange programs across US, Europe, Australia, and Asia, Graphic Era provides a world-class learning experience. Its alumni shine at Apple, Google, Microsoft, HSBC, TCS, Wipro, Infosys, and the Indian Armed Forces, shaping the future with innovation and excellence.

Be a part of this legacy!

About the Department

Welcome to the Department of Electronics & Communication Engineering at Graphic Era (Deemed to be University), Dehradun. The Department was established in the year 2001 with the aims of providing leadership in the field of Electronics & Communication Engineering and pioneering interdisciplinary research. Over all these years, we have made progress in leaps and bounds in educating students and bring them at par with the ever-expanding horizons of Electronics and Communication Engineering.

Strengthened with highly qualified faculty experts and in-housed with state-of-the-art laboratories, industry-aligned curriculum supported by MATLAB (campus-wide License), Cadence, CST, ADS, OrCAD and Xilinx, ample computing resources and active research projects, the Department significantly contributes to academics, research and building brilliant careers for students.

Vision

The Department visualizes itself to become leading centre of learning in the field of Electronics & Communication Engineering with academic excellence in research to produce self motivated, creative and socially responsible engineers and specialists, ready to take up challenges of industrial development with ethics and societal commitment.

Mission

M1: To provide high quality contemporary education in the field of Electronics & Communication Engineering and professional ethics to its learners.

M2: To provide creative learning environment for the students to equip them with strong foundation for continuing higher education.

M3: To pursue research and develop insight knowledge of current and emerging technologies in Electronics & Communication Engineering to serve the needs of the society, industry and scientific community.

M4: To prepare students to have creative and innovative thinking to develop them into socially responsible professionals.

Courses Offered

B.Tech in Electronics and Communication Engineering (ECE)

Optional Specializations —

- Embedded Systems & Robotics (ESR)
- Internet of Things (IoT)

Duration —

4 Years/ 8 Semesters

Eligibility —

Passed 10+2 examination with Physics/ Mathematics/ Chemistry/ Computer Science/ Electronics/ Information Technology/ Biology/ Informatics Practices/ Biotechnology/ Technical Vocational subject / Agriculture/ Engineering Graphics / Business Studies / Entrepreneurship.

B.Tech in Electronics Engineering (VLSI Design & Technology)

Duration —

4 Years/ 8 Semesters

Eligibility —

Passed 10+2 examination with Physics/ Mathematics/ Chemistry/ Computer Science/ Electronics/ Information Technology/ Biology/ Informatics Practices/ Biotechnology/ Technical Vocational subject/ Agriculture/ Engineering Graphics/ Business Studies/ Entrepreneurship.

Career Prospects

Graduates of ECE have a wide range of career opportunities in various industries, such as telecommunications, aerospace, defense, robotics, and IT. Some common career roles include:

- ✔ **System Engineer**
- ✔ **Embedded Systems Developer**
- ✔ **Telecommunications Engineer**
- ✔ **Research Analyst**
- ✔ **Software Engineer**
- ✔ **Field Engineer**

Additionally, sectors like **5G, IoT, AI, Machine Learning, and Quantum Computing** offer new career avenues.

Career Prospects

The VLSI (Very-Large-Scale Integration) sector is essential for semiconductor and chip design. Graduates can work in leading tech companies and industries. Some common career roles include:

- ✔ **VLSI Design Engineer**
- ✔ **ASIC Developer**
- ✔ **FPGA Programmer**
- ✔ **Chip Design Engineer**
- ✔ **Test Engineer**

Top employers include **Intel, Qualcomm, AMD, NVIDIA, and Texas Instruments**. This field also offers opportunities in **semiconductor manufacturing** and **nanotechnology**.

B.Tech in ECE for Working Professionals

Duration —

3 Years/ 6 Semesters

Eligibility —

- Professionals working in Registered Industry / Organization (Central / State) / Private/ Public Limited Company/ MSMEs located within 75 KM radial distance from the Institute.
- Minimum of ONE Year Full time / Regular working Experience.
- Passed Minimum THREE years / TWO years (Lateral Entry) Diploma examination in ANY branch of Engineering and Technology. OR Passed B.Sc. Degree from a recognized University as defined by UGC and passed 10+2 examination with Mathematics as a subject.

M.Tech in VLSI System Design*

Duration —

2 Years/ 4 Semesters

Eligibility —

- Fulfilling the minimum eligibility criteria as per Institute norms.
- They must have passed a Bachelor's Degree in the relevant field of Engineering and Technology from institutions approved by the All India Council for Technical Education, Central or State Governments, or their equivalents.

Career Prospects

This course is ideal for professionals looking to enhance their technical knowledge and advance in their careers. Graduates can move into senior or management roles such as:

- ✔ **Senior System Engineer**
- ✔ **Telecommunications Project Manager**
- ✔ **Embedded Systems Architect**
- ✔ **R&D Specialist**
- ✔ **Technology Consultant**

Graduates can work in sectors like **telecom, IT, defense, semiconductors**, and more.

Career Prospects

VLSI System Design graduates play a critical role in the semiconductor and integrated circuit industry, enabling advancements in electronics, communication systems, and embedded technologies. Career opportunities include:

- ✔ **VLSI Design Engineer**
- ✔ **ASIC / FPGA Design Engineer**
- ✔ **Physical Design Engineer**
- ✔ **SoC Verification Engineer**
- ✔ **Semiconductor Research Engineer**

Graduates may pursue doctoral research, work in fabless semiconductor firms, EDA industries, or contribute to chip design startups and R&D labs.

Meet Our Experts

Name	Designation	Qualification	Area of Expertise
Dr. Santosh S Saraf	Professor & Pro-VC	B.E., M.S., Ph.D (VTU Karnataka)	Applications of Deep Learning in Multimedia Processing
Dr. Md. Irfanul Hasan	Professor & HOD	B.Tech, M.Tech, Ph.D (BIT Mesra)	Wireless Signal Propagation Over Fading channels, MIMO Systems
Dr. Pradeep Kumar Juneja	Professor	B.Tech, M.Tech, Ph.D (IIT Roorkee)	Process control, Instrumentation
Dr. Shalini Singh	Professor	B.Tech, M.Tech, Ph.D (MNIT Allahabad)	Mobile Ad hoc networks, Hybrid networks, Signal Processing and Fading channels
Dr. Varij Panwar	Professor	Ph.D (DU Delhi)	Ionic polymer transducer, nanocomposites, wearable sensors, biodegradable materials
Dr. Rishi Prakash	Professor	B.Sc, M.Sc, Ph.D (IIT Roorkee)	Radar remote sensing, GNSS, Optical remote sensing
Dr. Malathi S	Professor	B.E., M.E., Ph.D (IISc Bangalore)	Optical MEMS, Biophotonics, Fiber Optic Sensors, ML for Photonics
Dr. Peyush Pande	Professor	B.E., M.E., Ph.D (Griffith University, Australia)	Wide bandgap semiconductor devices, Digital/analogue circuit design
Dr. Gourav Verma	Professor	B.Tech, M.Tech, Ph.D (Gautam Buddha University)	Advanced IoT Systems, Energy Harvesting
Dr. Anurag Vidyarthi	Professor	B.Sc, M.Sc, M.Tech, Ph.D (GEU)	Ionospheric Study & Navigation
Dr. Vikas Rathi	Professor	B.Tech, M.Tech, Ph.D (GEU)	Nano composite materials, EMI shielding, sensors, actuators
Dr. Bajarang Prasad Mishra	Professor	B.E., M.Tech, MBA, Ph.D (Jamia Millia Islamia)	Artificial Intelligence, Signal Processing, Communication, Navigation & Control
Dr. Gunjan Srivastava	Associate Professor	B.Tech, M.Tech, Ph.D (IIT ISM Dhanbad)	Metamaterials, Antennas, MIMO, Filters
Dr. Niraj Kumar	Associate Professor	B.Tech, M.Tech, Ph.D (SRM IST)	Nanomaterials, Nano-electronic devices
Mr. Bhaskar Nautiyal	Associate Professor	B.Tech, M.Tech, Ph.D (Pursuing GEU)	Remote sensing & wireless sensor networks
Dr. Vinay Kumar	Associate Professor	B.E., M.Tech, Ph.D (DTU Delhi)	VLSI, MOSFET, Carbon nanostructures, 2D structures

Name	Designation	Qualification	Area of Expertise
Dr. Anzar Ahmad	Associate Professor	B.Tech, M.Tech, Ph.D (GEU)	IoT, Wireless Communication
Dr. Mridul Gupta	Associate Professor	B.Tech, M.Tech, Ph.D (NSIT Delhi)	Microwave Engineering, DSP
Dr. Abhay Sharma	Associate Professor	B.E., M.Tech, Ph.D (NSIT Delhi)	Digital Design, FPGA, Signal Processing, Quantum Computing
Dr. Kaushal Kumar	Associate Professor	B.Tech, M.Tech, Ph.D (IIT Roorkee)	Semiconductor Devices, MOSFET, TFET
Dr. Akash Kumar Bhoi	Associate Professor	B.Tech, M.Tech, Ph.D (SMU)	Biomedical Computing, Biomedical Technologies, IoMT, ML Applications
Dr. Sribidhya Mohanty	Assistant Professor	B.Tech, M.Tech, Ph.D (GEU)	Electronic-ionic sensors, Wearable sensors, Biodegradable materials, Embedded Systems
Dr. Chandni Tiwari	Assistant Professor	B.Tech, M.Tech, Ph.D (IIT Jodhpur)	Semiconductor Devices, Material Synthesis
Dr. Rajeev Kumar	Assistant Professor	B.Tech, M.Tech, Ph.D (NIT Uttarakhand)	Photonic Devices, Fiber Optic Sensors, Metamaterials, VLSI
Dr. Lokendra Singh	Assistant Professor	B.Tech, M.Tech, Ph.D	Biosensors, Optical Devices, Nanotechnology, Microwave Devices
Dr. Ashish Kumar Singh	Assistant Professor	B.Tech, M.Tech, Ph.D (IIT BHU)	Semiconductor Physics, 2D materials, VLSI, Sensors
Dr. Kamlesh Kukreti	Assistant Professor	B.Tech, M.Tech, Ph.D (GEU)	VLSI, Organic Electronics, Embedded Systems
Ms. Neha Belwal	Assistant Professor	B.Tech, M.Tech, Ph.D (Pursuing GEU)	Process Control
Ms. Alankrita Joshi	Assistant Professor	B.Tech, M.Tech, Ph.D (Pursuing GEU)	VLSI & Polymer Nano-composites
Ms. Priya Sharma	Assistant Professor	B.Tech, M.Tech, Ph.D (Pursuing GEU)	Wearable Sensor, Energy Harvesting, Water Purification
Ms. Poonam Raturi	Assistant Professor	B.Tech, M.Tech, Ph.D (Pursuing GEU)	Wearable Sensors, Piezo-resistive Material, Ionic membrane
Ms. Raj Gusain	Assistant Professor	B.Tech, M.Tech, Ph.D (Pursuing GEU)	Ionospheric Studies, Satellite Navigation, Microstrip Patch Antenna

Research & Achievements

Research labs and innovations in electronics engineering are key to advancing technology and shaping the industry's future. These labs are where breakthroughs happen, tackling complex challenges and creating new solutions. They foster collaboration and use cutting-edge tools to drive progress in areas like VLSI, wireless communication, microwave engineering, IoT, and electronic materials. Innovations from these labs often lead to economic growth, helping industries evolve to meet global demands. Investing in research and nurturing innovation is crucial for building a knowledge-driven society and a sustainable future.

Softwares taught in LABs

Produce Students Ready for Semiconductor Industry

Facilities & Infrastructure

The electronics engineering program features specialized labs for hands-on learning. The Basic Electronics Lab introduces core components, while the Electronic Devices and Circuit Lab covers semiconductor applications. The Digital Electronics Lab focuses on logic circuits and programmable systems. The Communication System Lab teaches analog and digital modulation and transmission. The Digital Signal Processing Lab offers real-time analysis using MATLAB. The VLSI Design Lab enables integrated circuit design with Verilog or VHDL. A departmental library further supports students with essential books and research materials.

Success Stories and Contributions

Atul Joshi
Director at National
Communications Academy (NCA)
Ministry of Communications, GOI

The B.Tech ECE program gave me a strong foundation in both theory and practical skills. The engaging curriculum and supportive faculty enhanced my learning, while hands-on lab work and projects helped me transition smoothly into my current role. It shaped me into a problem solver, prepared for the evolving tech landscape.

Rohit Kapil
Director, Technology &
Operations at Superdrive,
Tokyo, Japan

My four years at Graphic Era were more than academic — they challenged me to build resilience and communication skills, which have been key to my professional success in connecting with colleagues and clients while navigating industry complexities.

Stuti Pandey
Digital Marketing
Strategist at Google,
Delhi

I'm grateful for my B.Tech ECE experience at Graphic Era University (2009-2013). The comprehensive curriculum and focus on extracurriculars boosted my technical skills, creativity, and confidence, shaping my growth and success through the university's holistic approach and vibrant campus life.

Prabhat Kumar
Senior Lead Engineer
Qualcomm India Pvt. Ltd.

My B.Tech ECE experience at Graphic Era was enriching. Supportive faculty, an industry-focused curriculum, and hands-on labs strengthened my technical and problem-solving skills. The department's emphasis on practical learning and innovation built my confidence and adaptability. I'm grateful for the guidance and opportunities that shaped my career.

Vinod Dani
Principal Engineer II, CPE Engg.,
Charter Communications, USA

My Bachelor of Technology in Electronics and Communications played a key role in my professional growth by building a strong technical foundation. It deepened my understanding of complex systems and taught me to approach problems with clarity and confidence. I'm grateful for how it shaped my abilities, broadened my perspective, and prepared me for a constantly evolving industry.

Rohit Joshi
Director-Corporate IT
BDO India Service Private Ltd

My studies in Electronics and Communications, guided by visionary faculty, provided a strong conceptual and practical foundation. This education was instrumental in enabling the application of my technical knowledge in the professional sphere. I am thankful for this guidance.

Beyond Classrooms

Where Every Event Tells a Story

Career Counselling Services

The Department of Electronics and Communication Engineering equips students with the guidance, skills, and opportunities needed for career success. Our Career Counseling and Professional Development Services prepare them for every stage of their professional journey.

Domain-Specific Mentorship

We have dedicated Chair Heads for Marketing, Finance, and Human Resources, providing students with:

- Expert Mentorship
- Counseling Support

Professional Development Program (PDP)

Placement Support

Our Placement Department plays a vital role in shaping students' careers by providing:

- Support for Summer Internships (SIP) and Final Placements
- Internship Guidance

Alumni Mentorship

Graphic Era Common Entrance Test (GECET)

Scholarship upto

₹100  Cr

Unlock up to 100% scholarships with GECET – Graphic Era Common Entrance Test.

Secure your admission & financial support for a brighter future!

Apply Now – gecet.geu.ac.in

Scholarships & Support Benefits

- Upto  **100%** Scholarship based on 12th or UG marks
- Upto  **100%** Merit-based Sports Scholarship
-  **10%** Scholarship to the Girl Candidates
-  **10%** Alumni Loyalty Scholarship
-  **10%** Scholarship for Parentless Child
-  **7.5%** Current Sibling Student Scholarship
-  **05%** Passed out Sibling Student Scholarship
-  **05%** Scholarship to the children of Defense Personnel
-  **05%** Single Parent Scholarship
-  **05%** Yearly Payment of Fees
-  All students are covered under a comprehensive health insurance plan.
-  Medical services are provided through the state-of-the-art Graphic Era Hospital.
-  Student loan facilities are available to support financial needs.

Student Facilities & Engagement

Well-equipped and comfortable hostel facilities

Efficient transportation services

Extensive sports facilities

Free student uniform

Vibrant student clubs and extracurricular activities

Multiple hygienic and student-friendly cafeterias

Green, eco-friendly campus environment

ICT-enabled smart classrooms
